

MORSE CODE

Morse code is a series of dots and dashes, designed to be transmitted electronically – via Morse keys. There is a short gap between letters, a slightly longer gap between words and a gap of about 7 beats between sentences.

A	•–	I	••	Q	–•–	Y	–•––	5	•••••
B	–•••	J	•–––	R	•–•	Z	–•••	6	–••••
C	–•–•	K	–•–	S	•••			7	–••••
D	–••	L	•–••	T	–			8	–••••
E	•	M	––	U	••–	1	•––––	9	–••••
F	••–•	N	–•	V	•••–	2	••–––	0	–••••
G	–•–•	O	–––	W	•––	3	•••–		
H	••••	P	•–••	X	–••–	4	••••–		

Can you break the code?

e.g. •••• ••–•• •–•• •–•• –––
 h e l l o = hello

Now try this.

–••• •–•• •– –•– – •••• •• •••
 –•–• ––– –•• • – ––– –••• • •• –•
 – ••••• • –•• •–• •– •–– !
