

VICTORIA CROSS
HERALDRY
VALOUR ALCOVE

Teacher's Notes

Name of Object: *Victoria Cross Medals*

Category: *Medals/ Heraldry/ Bravery, Valour*

Physical Location: *Valour Alcove, National Army Museum*

Accession Number

Possible Activities

- Design a medal to be awarded to students at school for outstanding contributions to the school, (behaviour, willingness to help organise sports days, keeping kids safe on the way to and from school etc). The colour/s of the ribbon should represent something e.g. the school colours, the bush surrounding the playground, the snow you can see from the netball courts or whatever. Explain your design, and also set out the rules and requirements for anyone who may be awarded your medal. Hint: medals are usually round, a star (with 4 or 6 or 8 points) or a cross.

Physical Location

The museum's Victoria Cross collection is installed in the Medal Repository section of the downstairs display floor. The collection is installed in new vandal/ burglar proof display cases built after the 2007 robbery, and subsequent recovery, of medals from the museum.
